

Nadir ZOUAOUI

Field Engineer – Site Surveys, Commissioning & Client Liaison in Algeria

Oran, Algeria | nadir.zouaoui@hotmail.com | +213 656 060 214 | www.linkedin.com/in/nadir-zouaoui/
nadirzouaoui.github.io | Class B driver's license | Personal vehicle | National service: exempt

PROFILE

Algerian electrical engineer (State Engineer, ENPO-MA) with four years on Sonatrach, industrial and solar sites across Algeria. I carry out site surveys, coordinate with clients, and supervise installation and commissioning. Based in Oran with my own vehicle, available to travel anywhere in Algeria, including the South. Arabic, French and English.

WHAT I BRING TO A FOREIGN EPC OR SUPPLIER

- Site surveys: audited 66 remote Sonatrach pipeline stations (GK3), documenting the condition of every piece of equipment.
- Client and site liaison: worked with Sonatrach, SARPI, ENGC/GCB, SUPCON (Chinese SCADA integrator) and GBFoods.
- Commissioning: 27 Milton Roy chemical injection skids and their solar power supplies; loop checks on the ALRAR gas complex.
- Engineering: EPLAN and AutoCAD Electrical schematics, cable sizing (Caneco BT), PV design (Archelios), Siemens S7-1200.
- Hazardous areas: ATEX certified (EEHA); designed Ex "d" and Ex "p" equipment for Sonatrach.
- Documentation: document control on a Sonatrach re-instrumentation project (revisions, markups, planning).

EXPERIENCE

Electrical Engineer - RMBTECH EURL

Mar 2025 – Present

- Sonatrach gas-pipeline SCADA (GK1/2/3, GR1/2/4/6) with SUPCON; ATEX Ex "p" cabinet for GP2Z; 8500 A rectifier replacement.

Lead Electrical Engineer - PROSKID EURL

Jul 2023 – Mar 2025

- Electrical design and commissioning of Oil & Gas chemical injection skids and their off-grid solar supplies.

Photovoltaic Design Engineer - Sungy SPA

Oct 2022 – Jul 2023

- Over 300 kWp installed; layout, sizing, commissioning and monitoring. Freelance: 5.4 MW rooftop plant design (IFRI).

Document Controller - CEVIELEC SPA (Cevital group)

Mar 2022 – Oct 2022

- ALRAR gas complex re-instrumentation: documents, planning, cabinet wiring, loop checks.
